

Disclaimer Form for Hybrid / Electric Vehicles

-Does the shipment contain electric or hybrid car(s) (please select):

Yes

No

P&O Ferries Limited does not allow the shipment of damaged electric or hybrid vehicles if the battery is still contained in the vehicle(s) and/or is part of the shipment.

The carrier declares that:

- The fuel tank(s) have been emptied and purged.
- The Batteries have been disconnected or removed (for lithium battery see below)
- The ignition keys have been removed and are held by the driver.
- The vehicles do not have sign of leakage (whatever is the nature of the liquid leaking).
- There is no evidence of smoking or smoldering.
- For damaged electric and hybrid vehicles, the lithium battery has been removed and is not shipped at all on this vehicle.
